

## **Bibles for Europe**

We continue to receive an average of over 5,000 online Bible orders every month across five languages (English, French, German, Polish, and Spanish). Over half of the Bible recipients continue to request further information regarding how to understand and enjoy the Bible.

Starting in the UK and in the English language, the Bible recipients now also have the option to request a Bible study as they are placing their order. These Bible studies began in March of this year and are carried out one-to-one by over 150 saints throughout the churches in the British Isles. Currently these 150 saints, together with trainees and serving ones, are caring for over 300 weekly Bible studies. These Bible studies are not only shepherding the seeking ones into the ministry of the age but are also ushering the saints further into the God-ordained way and practice of the church life. The French-speaking saints are preparing to start Bible studies in the same way. We are expecting to have the same kind of results throughout French-speaking Europe as we have had in the British Isles. The saints in the Iberian Peninsula are also beginning preparations to carry out these Bible studies in Spain and Portugal as well.

We are grateful to the Lord for providing such a wonderful way to shepherd the Lord's seekers into the church life. We fully expect the Lord to reap many chosen ones all over Europe through the New Testament Recovery Version and the one to one Bible studies to enlighten them with the vision of the age through the ministry of the age. May the Lord continue to bless His word to carry out His economy as He moves to close this age for His imminent return!
